Thom Sherwood, graphic designer, journalist/designer/publisher national Pontiac club publications

Dan Sorenson, former auto writer *Tucson Citizen*

Bob Stockton, PR services

Jim Taylor, editor, *Action Magazine*

This is a list of those who serve or have served as judges. Some judge each year, some occasionally, as time permits.

What category each is asked to judge depends on the individual's area of expertise and whether or not that party is an entrant in a specific category, in order to avoid any potential for conflict of interest.

Volunteers, please!

21st International Automotive Media Competition

Entry Rules

Purpose

To recognize members of the automotive media deserving recognition for outstanding achievement.

Professional or Public Service?

Be sure to mark whether your entry is: Professional for paid work, or Public Service for non-paid work.

Submission Deadline:

All entries must be received at ISVP's offices in Tucson, Arizona, no later than Feb. 28, 2012.

Eligibility

Entries submitted in a language other than English must be accompanied by an English translation. All entries must have some relationship to the automotive industry. Material may be entered that has been published and has a cover or air date from January 1, 2011 through December 31, 2011.

Award Categories and Judging Criteria

Categories are organized within the following Divisions: Book, Newspaper, Magazine, Newsletter, Graphics, Best Single Issue, Public Relations, Video, Radio, Multimedia, and Internet.

PRINT entries will be judged in a single category within writing or graphics.

NEWSLETTERS AND BEST SINGLE ISSUES will be judged only on writing, with consideration for readability/typography.

PUBLIC RELATIONS entries will be judged on both writing and graphics.

WRITING will be evaluated on accuracy of information, simplicity of presentation of technical information, style, quality of writing and editing.

GRAPHICS will be evaluated on quality of design, typography, illustrations, reproduction, and overall effectiveness.

VIDEO, CD/DVD AND RADIO ENTRIES will be evaluated on pacing, music (where applicable), story development, photography, quality of research (technical or historical), and quality of editing.

INTERNET will be evaluated on timeliness, user friendliness and functionality in addition to writing, graphics, and audio.

Submissions

Submit your best work. To speed the judging

process there is a limit of two entries per person/author per category. An entrant (publisher, creator, etc) may make multiple submissions within the above parameters. If the judges decide that an entry does not fit the category entered, they may recategorize it. A single submission can not be entered simultaneously in both writing and graphics classifications. If an entry is to be judged in both classifications two (2) submissions are required.

Two copies of your work are required for each entry.

Though you may enter as many categories as you like, with up to two entries per category, the same piece of work may not be entered in two separate categories, i.e., if an article is entered as writing under "road test," it can not also be entered as writing under "column," or "feature article." Note: Only one entry per category per person will receive an award. Though you may make two entries in one category, only the highest point entry will receive an award. This does not affect the number of categories in which you may achieve an award.

Complete an entry form for each entry. Provide all information that is relevant to YOUR entry. Firmly attach a copy of this form to each of the two identical entries you are making. Entries that do not have a completed entry form attached will not be accepted.

Preparation of Entries

MAGAZINE, NEWSLETTER AND NEWSPAPER ARTICLES should be removed from the publication and original tearsheets submitted. One of the two copies may be a very good copy. Tear sheets of all articles that were originally published within a magazine or newsletter should be submitted in clear sheet protectors, one page per sheet protector so each page (front and back) can be read easily. Sheet protectors may be stapled on left edge; binders or folders are not required but will be accepted. An entry form must be attached to each copy.

NEWSPAPER TEAR SHEETS should be submitted in an appropriate manner to facilitate handling; in folders or protector sheets as size dictates.

SINGLE PHOTO OR ART ENTRIES must include a 5-inch by 7-inch or larger print of the original photo/art as well as publication copies showing the work as it appeared in print. Judges WILL CONSIDER both the original and the printed copy.

GRAPHIC AND DESIGN ENTRIES should be mounted on poster board, whenever practical, with identifying labels attached. Never include more than one entry on a board. Board size should not be less than 9-inches by 12-inches nor exceed 22-inches by 28-inches.

NOTE: Do not edit entries in the following Divisions in any way; submit entry as aired, complete for full time slot. If a segment, indicate both the beginning and the ending of the clock. SUBMIT EACH VIDEO ENTRY on a CD/DVD. SUBMIT EACH RADIO ENTRY on clearly labeled CD/DVD. Multiple spots can be provided for a single entry if they were developed for one series or campaign. In this case, provide five seconds of leader between each spot. COMPACT DISC (CD/DVD) ENTRIES must be submitted on Macintosh or IBM-compatible platform; specify platform.

INTERNET SUBMISSIONS require the URL to access site, and printed copy of the home page if entering full site. Specific site section or article submission requires full URL to that section or archived article, with printed copy of the first page of the section or article submitted.

Pack your entry(s) very well.

Terms

The fee for each entry is \$65.00 US. Failure to submit payment will disqualify the entry. Make checks payable to ISVP, or fill in charge card information on the entry form. No entries will be refunded or returned.

Neither IAMC/ISVP nor its sponsors or affiliates nor anyone working as an awards judge accepts responsibility for any work that is damaged, lost, or stolen.

All materials submitted remain with IAMC/ISVP and may be used in promoting the IAMC and future events. Copyright remains with owner. IAMC claims no reproduction or copyright interest in the above.

Acknowledgments

Paid invoices will be emailed.

Multiple Awards

Each winning entry will receive one award. If there are multiple contributors to the work, duplicate awards may be purchased.

Awards Announcement and Distribution

Awards will be announced in June 2012; details forthcoming.

Website updates and emails will be used to keep you informed.

21st International Automotive Media Competition

Entry Deadline Feb. 28, 2012

International Automotive Media Competition for the IAMAs

Best of 2011: Best overall entry for 2011, to be selected from the Best of Division winners.

Best of Division: Best of Division winners are selected from the first level winners in each division having 98 points or better.

Foundation Awards: First, second and third level awards are presented in each category, as determined by the judges. As works are judged against a standard, and not against each other, it is possible to have two first level awards in a category, or no first level award in a category.

Judging

Judging of entries is by peers. Entries must meet a minimum standard to qualify for awards. If no entry in a category meets the minimum standards no award will be made in that category. Entries will be judged by Category within their Division.

The maximum number of points to be earned is 100. Third level awards are given for entries achieving 85-91 points; second level for 92-96 points; and first level for 97-100 points.

This program is to recognize and encourage excellence in all forms of automotive media. Judges' decisions are final.

Notice

The IAMC™ program is administered, produced by and is the property of The International Society for VEHICLE Preservation (ISVP). ISVP™ is a non-profit 501 (c) (3) educational organization.

The International Automotive Media Awards (IAMAs) are the property of ISVP™. All awards are final. All entries are made at the discretion of the entrant. Entering does not mean that you will be presented with an award or receive recognition for entering.

The use of an award for commercial purposes is permissible; please write to IAMC/ ISVP, 8987 E. Tanque Verde, No. 309-300, Tucson, Ariz. 85749-9399 for details as to how to present it.

Lifetime Achievement Award

Peter Brock was selected as awardee of the 2010 international Automotive Media Award for Lifetime Achievement.

Previous recipients were John H. Davis, 2009; Ken Gross, 2008; Karl E. Ludvigsen, 2007; Jim Dunne, 2006; Beverly Rae Kimes, 2005*; Jerry Flint, 2004*; John Lamm, 2003; Brock Yates, 2002; Chris Economaki, 2001; Denise McCluggage, 2000; and Leon Mandel, 1999*.

The first annual IAMA for Lifetime Achievement was presented to David E. Davis, Jr. in 1998*. A link to a video of his acceptance speech is on our website: <http://www.iamc-isvp.org>

This award is given to an individual who has, in the eyes of his or her peers, made a substantial contribution to the craft over a period of twenty-five or more years.

These awards are determined by a committee of thirty members of the automotive media voting for two of five names submitted by the Selection Committee. Nominees must be currently active in automotive media.

Both committees change each year. The continual varying of selectors and voters ensures a broad cross-section of input in determining each year's recipient.

The 2011 honoree of this prestigious award will be revealed in June 2012, highlighting the results of the 21st IAMC. Details and dates to be announced at a later date by email. Also, they will be posted on the website, www.iamc-isvp.org
